Badly Burned
Man Expires

Charles Musser, 59, Ortanna R. 1, died this morning at 11:59 at the Warner hospital. He had been admitted there June 18 after having been severely burned when he fell into a smoldering pit used to burn debris at a dump of the C. H. Musselman company near Gardners.

Hospital officials said that death was due to lock jaw and the burns. He had been given antitoxin earlier when brought to the hospital, but the antitoxin did not seem to have the usual effect, of preventing tetanus, it was reported.

According to the story Musser told hospital authorities at the time, he had gone to the Musselman dump to search for wild growing tomato plants which sometimes can be found there. He failed to notice a burning refuse pit and fell into it. He was badly burned about the hands and suffered third degree burns up to the hips on both legs before he could extricate himself.

Judith Coplon Given 40 Months
To 10 Years For Spying For Reds

Washington, July 1 (AP)—Judith Coplon today was sentenced to 40 months to 10 years in prison for spying for Russia.

The tiny brunette former Justice department worker heard the sentence unflinchingly.

A short time before hearing her penalty, she made an impassioned statement to Federal Judge Albert L. Reeves, but she did not ask for mercy.

Actually, Judge Reeves passed two sentences—40 months to 10 years on the first (spying) count of the indictment against her, and one to three years on the second (theft of secrets) count.

He stipulated, however, that the sentences be served concurrently.

Just before passing sentence, Judge Reeves said: "I thoroughly approve of the verdict of the jury."

Judge Reeves ordered Miss Coplon to post a new bond of \$20,000. Her old bond here — \$10,000 —

Club Pool Is Open
To Boy, Girl Scouts

The Gettysburg Country Club is extending an invitation to the Boy Scouts and Girl Scouts to use the swimming pool at the country club during scheduled weekly periods, it was learned today.

Charles I. Raffensperger, chairman of the Black Walnut district of the Boy Scouts, said that the scouts will be permitted to use the pool at a time to be arranged by the scoutmasters so that all scouts will be at the pool at the same time. The period must be either on Mondays, Tuesdays or Wednesdays.

He asked scoutmasters to contact him at the office of the county superintendent of schools so that arrangements can be made for the particular period in which all Boy Scouts may swim. Similar arrangements are being made by the Girl Scouts, he said.

Officers of the Pennsylvania clan of the Brugh family met Thursday evening at the home of Mrs. Anna Plank, East Lincoln avenue, to complete arrangements for the Pennsylvania members' attendance at the annual joint reunion of the Pennsylvania-Virginia members of the family to be held at Lakeside park, near Roanoke, July 28.

This marks the first year the members of the family from the two states have met in Virginia. Previously all reunions were held in Pennsylvania. To promote the affair, the Virginia members of the clan are having a number of newspaper articles printed in that state, it was reported. Members of the clan who may have room for extra passengers in their car when they drive to Virginia for the reunion are asked to contact the president, Carl Walter, 655 South 27th street, Harrisburg.

A partial list of musical organizations, marching units, fire apparatus and floats which will take part in the Fourth of July parade Monday afternoon was announced today by Richard Cole, chairman of the Gettysburg fire company parade committee, and Col. Alfred E. McKenney, grand marshal.

Chairman Cole today requested that Boy Scout troops of Gettysburg and vicinity turn out for the parade. They will be assigned a place in the line of march, he said.

The list includes only those units which have notified the committee of their intention to participate. Chairman Cole said many other fire companies and other organizations are expected to participate.

The parade will be led by a police escort and the Army Ground Forces band. Parade units will assemble on Springs avenue and intersecting streets, and move promptly at 1:30 o'clock.

The route of the parade will be from Springs avenue to Chambersburg street to South Washington street to South street to Baltimore street to Center square and Carlisle street.

Names Aides
Col. McKenney today designated the following as aides to assist him in forming and supervising the parade: E. Jerome Alexis, 2nd Lt., Reserves; James L. Hair, 2nd Lt., Reserves; John P. Reus, Jr., major, Reserves; Robert E. Tipton, Spanish War Veterans; Dale Severson, 2nd Lt., Reserves; David A. Tawney, Sons of Union Veterans; Peggy Holtzworth, Girl Scouts, and five selected members of the Gettysburg fire department.

Col. McKenney said the parade would be kept moving, and for this reason, no drills or halting for maneuvers will be allowed. The judges, among other items, will consider a 120-136 step, forward movement, of marching units. Units will follow those ahead by no more than 50 feet, or approximately 20 paces. Upon dismissal it is imperative that all units clear the streets as soon as possible, McKenney said.

Observe Safety Rules
Sirens will not be sounded in the parade. Vehicle drivers are urged to use special care and observe all (See PARADE Page 2)

Expect Coddling Moth
J. O. Pepper, of the extension staff, noted that coddling moth, in the second generation, will be entering the late apples in about ten days or two weeks. The red banded leaf roller situation is confusing, he added, because "right at the present time all stages of the pest exist in the county." He termed the situation "not too alarming" and said that in orchards where the leaf roller is (Please Turn to Page 2)

Verbal Permission For Carnival
An out-of-town company which is sponsoring a carnival to be held in Gettysburg next week, beginning July 6, has received verbal permission from Burgess C. A. Heiges, but no formal permit has been issued, the Burgess said today.

"No local organization is sponsoring this carnival that I know of," Heiges said. "I was contacted and asked for permission to have the carnival here beginning July 1, but I refused this permission."

"I told a representative of the shows they could hold the carnival beginning July 6. This was before I knew anything about the plans of the softball league to dedicate the new lights on the recreation field," the Burgess added.

Heiges said that the borough has an ordinance which permits carnivals and circuses to show here, and

Posts \$500 Bail For
Reckless Driving

Charles Hock, 12 Bellwood road, Baltimore, is in a serious condition in St. Joseph's hospital Baltimore, suffering from fractures of a leg and an arm and head injuries, after being struck Tuesday night by a tractor-trailer truck. Baltimore police said the truck was driven by Raymond E. Kroft, 23, Abbottstown.

According to the investigating officers, the boy was hit at Belair road and Frankford avenue, shortly after 9 o'clock. The truck driver was taken to traffic court and charged with reckless driving. He posted \$500 bail for a hearing on July 26 at 3 p. m.

FRUIT GROWERS
PLAN TOUR TO
OTHER STATES

Adams county's fruit growers will tour Maryland and West Virginia orchards during their annual summer outdoors meeting, it was decided Thursday evening at a meeting of the growers association held at Biglerville.

In previous years the growers "field day" was held in the form of orchard spraying and other demonstrations here in the county. This year, by unanimous vote, the group will go outside the state to see how other growers manage their orchards. Named to a committee to arrange for the trip, to be held during the last week of July, were President Harry S. Stoner; Vice President George L. Schriver, Secretary-Treasurer Frederic E. Griest, Jr., Harvey Raffensperger, Harold Steiner, Robert Lott, and County Agent M. T. Hartman.

Get Gas Refund Blanks
Assemblyman Francis Worley gave details on the new gasoline tax refund law and distributed registration applications for refund of the tax to the fruit growers present.

Farmers are to register at the present time and will be given a code number. Worley said. Near October 1 a claim form will be sent to them by the state and the claim form, for refunding of tax paid on gasoline purchased for farm use between today and September 30 must be filed between October 1 and October 15. Claims are filed quarterly for return of one-half the state tax on gasoline used for farm purposes during that period. Worley called the new law "the first step toward returning the entire tax on gasoline tax to farmers, and I hope, eventually, return of the federal tax."

John U. Reuf, of the State College extension staff, discussed the problem of removing poison ivy and other weeds from the orchards. Amate is the safest of the various chemical poison ivy destroyers, he said. 2-4-D and a mixture of 2-4-D and 2-4-5-D in oil shows good results in killing heavy, woody weeds but is dangerous, as is 2-4-D alone, in orchards. The various weed killers are selective, he pointed out, and one that kills one type of weed may not kill another.

J. O. Pepper, of the extension staff, noted that coddling moth, in the second generation, will be entering the late apples in about ten days or two weeks. The red banded leaf roller situation is confusing, he added, because "right at the present time all stages of the pest exist in the county." YOUTH IS HELD
ON \$2,000 BAIL
FOR STABBING

Robert Schultz, 21, Ortanna R. 1, was arrested early this morning by state police on a warrant charging aggravated assault and battery with intent to kill.

Schultz was charged by Clair F. Foulk, in the information laid before Justice of the Peace Robert P. Snyder, with having stabbed Foulk's son, Earl C. Foulk, 23, McKnightstown, five times with a knife, Thursday evening.

Earl Foulk was brought to the Warner hospital by car about 10:30 o'clock Thursday night with four stab wounds in the left arm and one in the back on the left side, which Dr. Bruce N. Wolff said extended into the lung from the rear. Foulk said that Schultz had stabbed him with a pen knife.

The incident occurred about 9:30 o'clock Thursday night at Schultz's home near Hartman's dam, police said. Foulk and Schultz were together earlier in the evening and Foulk drove Schultz to his home. There an altercation began in which Foulk was stabbed, authorities declare.

Schultz is being held under \$2,000 bail for a hearing before the justice at a date to be decided later, but which will probably be held early next week.

CLUB PLANNING FOR COMMUNITY SERVICE WORK

Approximately 50 members of the Adams County Senior Extension club met Thursday evening in the Barlow Fire hall.

An invitation from the York county club to attend an ice cream demonstration at York on July 21 was accepted. At this point meeting the two clubs will engage in a softball game.

Community Projects

Following the business session the members assembled in small groups and held discussions on ways of putting into action the year's theme of "Community Service." Among some of the suggestions put forth were: home beautification or improvement projects, carried out on a competitive basis; sponsorship of new 4-H clubs; sponsorship of another rat eradication campaign; cleanup campaign; service to hospital patients, county home residents or to the underprivileged; safety or first aid campaign; an exhibit at the South Mountain fair and community singing.

A committee will review the suggestions and will reach a decision as to which of them shall be put into action and how.

Starting in business with a millinery shop on March 15, 1912, they continued in that business for 15 years. Miss Lillie Chritzman had been interested in the work of beauty culture as a happy and the two decided to change their operations from millinery to a beauty shop. FRUIT GROWERS

(Continued from Page 1)

a definite problem DDT or DDD should be used in connection with a spray to be called sometime next week.

Red mite has been building up during the past ten days, he said. Two applications of one-half pound parathion at seven-to-ten-day intervals will probably clean up the mite situation, he noted, but warned it should not be used with bordeaux.

Second generation codling moth infestation will be at its peak about August 10, Pepper said. On peaches, the oriental fruit moth is off schedule and two pounds of 50 per cent DDT will be called. Peach tree borer will be entering trunks of trees about July 15. For those growers who want to treat the trees now so they will not be disturbed during cherry picking season, eight pounds of DDT wettable powder should give a heavy enough residue to hold until cherry picking is over.

How To Apply

The DDT must be applied on the tree trunks, on the soil around the tree and exposed roots if it is to be effective, he said. Two pounds of 50 per cent wettable DDT will solve the Jap beetle problem, Pepper noted, but urged growers to wait until the beetles move into the orchards before they start spraying.

R. S. Kirby, of the State college staff, noted that cedar rust on Stayman apples was seen by him this year for the first time in 25 years of studying orchards. Cedar rust seems to be worse than ever this year, he said, and pointed out that the only sure cure is to find the cedar tree from which the rust is coming and destroy it. Brown rot will become more dangerous on peaches as they near maturity and six pounds of an 80 per cent wettable sulphur will be recommended to combat it, he said.

Hauser Predicts Big Cherry Crop

"The 1949 cherry crop in Adams county bids fair to equal the bumper crop of 1937," John A. Hauser, president of the C. H. Musselman Company, declared today.

"The Musselman Company itself is the largest grower of sour cherries in the east and possibly in the entire nation. First large scale planting of sour cherry trees (Montmorency Sour) was made in the 1920's. A recent census showed 1,918 acres in Adams county, planted to Montmorency Sour cherries. Of these 1,089 acres are in the bearing class and over seven years old.

"The 1945 infestation of cherry leaf spot which caused the death of more than 25,000 trees has been overcome and plant pathologists are of the opinion that the sprays developed to combat the disease are now adequate to keep it in check.

"The Musselman Company is now receiving cherries at its Biglerville plant every week day, 7 a. m. to 10 p. m., and Saturday, 7 a. m. to 4 p. m., and paying 11 cents per pound for U. S. No. 1 grade, and five cents per pound for U. S. No. 2 (juice grade)," Mr. Hauser said.

Water Battle

drawing water in 43 and 8/10ths seconds.

The contest inaugurated the five-day celebration of the 86th anniversary of the Battle of Gettysburg and Independence day, arranged and sponsored by the Gettysburg Fire department. Four county fire companies, fewer than had been expected, took part in the contest.

The Bonneville fire company placed second, hooking up and getting water in one minute and one second. New Oxford was third in one minute, 36 and 7/10ths seconds, and Fountaindale was fourth, in one minute, 45 seconds.

Award Cash Prizes
For its fast time the Cashtown company was awarded a cash prize of \$25. Bonneville received \$15; New Oxford \$10 and Fountaindale, \$5.

Members of the winning "team" included Kenneth Kuhn, chief, Eddie Carbaugh, Harry Small, John Hartzell, Ira Herring, Allen Deardorff, Melvin Herring, William L. Dentler, Harry Baker and Floyd Kuhn.

The Cashtown firemen were facilitated in making their hook-up because their pumper connections are on the front of their truck. Bonneville made good time, particularly on the run to the square. New Oxford was probably handicapped by the fact that its crew had to use an adapter to hook up to the hydrant.

Scatter Crowd

Bonneville threw water the greatest distance. Spectators in front of the Hotel Gettysburg on the opposite side of the square had to run for shelter when the Bonneville crew sent water from its line almost to the hotel doors. Other spectators were sprayed with water when the nozzle on the Cashtown line got away from the firemen holding it momentarily.

Following the firemen's contest, crowds flocked to the engine house where there were games and refreshments and dancing, with music furnished by the Oyler-Ecker orchestra.

Orrtanna at Bendersville.
York Springs at Fairfield.
Hanover at Emmitsburg.

The race for first place in the Adams County Baseball league tightened considerably as the result of playoffs of three postponed games Thursday evening.

Conewago VFW got sweet revenge for a previous 1-0 defeat in 12 innings by nailing out the league-leading Hanover team 2-1 in a game at Hanover and moved to within half a game of the top.

Sterling Spence hurled steady ball for the victors while Bill Fuhrman was his opponent. Hanover just missed tying the game in the last of the final inning when Kopp led off with a triple but was trapped a little later when he was trapped as the batsman missed on an attempted squeeze bunt. Dick Pitzer pounded out a homerun for the winners.

Orrtanna snapped an eight-game losing streak by lacing York Springs 10-5 on the latter's field.

B. Sease paced Orrtanna's 12-hit attack with three safeties, including a pair of doubles. With the exception of the fifth inning when York Springs tabbed four runs, C. Rebert was a steady mound performer for

Orrtanna. Fairfield moved into fifth position by blanking Emmitsburg 2-0 in a tight contest at Emmitsburg.

The winners scored both of their runs in the first inning without the aid of a hit, a walk and several errors producing the tallies. J. Sites and Weikert formed the winning battery, Sites giving up but two hits. Kelly and Chrismer worked for Emmitsburg. Kelly yielded but four hits.

LIST GAME FOR ARENDTSTVILLE FIELD SUNDAY

What could easily be the stand-out game in the South Penn Baseball league will be played on the Arendtsville diamond Sunday afternoon when the first-place Wenksville team clashes with third-place Bendersville.

Brushtown plays at Greenmount and New Oxford at Heidlersburg in games which will have an important bearing on the current scrap for fourth place.

Other games will include Green Springs at Barlow and Hunterstown at Bonneauville.

Monday's Games

Games are also carded in the South Penn league for Monday afternoon. They include: Bonneauville at Greenmount, Hunterstown at Barlow, New Oxford at Bendersville, Cashtown at Brushtown, Wenksville at Heidlersburg, and Green Springs at Granite.

Today's Talk

ON COMPROMISING

All life is a compromise. None of us is right all the time. If we could only manage to give as much as we take, the world would be on a very good running basis. The trouble is that there are always those who want to take all—or nothing. It's been many years since the last war ended, yet there is no signed peace—no compromise whereby the world can get going in a happy running order.

Co-operative compromise could bring about peace in the world, but so long as there are those who keep saying no, no, no, progress is stymied. In a jury trial there must be a unanimous decision to get a verdict one way or another.

Of course it is fine if you can get a whole loaf, but a half loaf is better than nothing at all. Nearly all national and international disputes are settled on a compromise basis, and usually progress is made. There are always two sides to a question, and in nearly every case there is right on both sides, but a happy ending is where the good of all is mostly considered. None of us expects to get everything that we hope to get.

We have to compromise right along in our family lives, and in our business occupations. Even in our friendships we have to compromise, so that we remain friends in good standing. If it were otherwise we would court loneliness, and perhaps isolation and defeat, all along the line. It is always best to happily compromise and go forward.

If we could only have sense enough to see the other fellow's viewpoint we would get along so much better. The other fellow may be more right than we, so that if a compromise is entered into, we are ahead anyway, and so is he!

One reason why democracies are so successful is that the majority is accepted as the right decision, and then all enter into the work at hand with generous enthusiasm, and in a spirit of cooperation. Dictator nations don't believe in compromise. They want all or nothing—and that means slavery and stagnation among their own people, and, in addition, losing the good will of other nations.

Tomorrow Mr. Adams will talk on the subject: "Menders"

Just Folks

THOUGHT FOR A SMALL BOY

You'll learn to add, subtract, divide
The names of cities and the states,
And I shall look on you with pride
The day you march with graduates,
'Tis not what teachers teach I fear,
Much graver now is my concern.
The risk you'll run from year to year
Is what from strangers you may learn.

I watch you romping now in play
And wonder what the years may hold.
No dread have I, from day to day,
Of what the schoolroom may unfold.

'Tis this I fear: Some stranger may,
In you, a willing listener find,
And lead you from what's best
And soil your still untainted mind.

Of evil doctrines I'm afraid,
By shrewd and cunning phrases spread,
With which are mobs to anger swayed
And youth to vicious thinking led.

When those who would your land betray
With speeches fashioned to deceive,
Oh, little boy, 'tis this I pray:
That no such teaching you'll believe.

RED SOX LOSE THIRD IN ROW TO YANKS 6-3; DIMAG HOMERS

(AP Sports Writer)

Better check those All-Star votes. The name Joe DiMaggio seems to be missing.

If there is any legitimate 100 per cent All-Star in the baseball business today, Joe is it. What matter

that he missed the first 65 games? Off his showing in three ball games, he belongs on the team.

Ask the folks up around Fenway Park, where he led the New York Yankees to three stunning victories over the Red Sox. He'd be elected by acclamation.

Lou Boudreau, as manager of the American league team in the July 12 All-Star game at Brooklyn, has the privilege of naming the rest of his squad after the eight non-pitching starters have been selected by fan vote. He can use the Yankee Clipper, if only as a pinch hitter.

May Pick Jolting Joe

When Lou picks his squad, you'll probably find Jolting Joe right behind the first three outfielders

picked by the fans—Ted Williams, Tommy Henrich and Brother Dominic DiMaggio.

Since DiMaggio moved into the majors from San Francisco in 1936, he has been named to ten All-Star teams, missing only 1943-44-45 when he was in service. He didn't play in 1946 although he was on the squad and last year at St. Louis he was injured and appeared only as a pinch-hitter.

The DiMaggio Story of 1949 is familiar to all by this time. How he sat out 65 games, played one exhibition and then catapulted into a starring role at Boston.

Jolting Joe did it again yesterday, crashing a three-run homer in the seventh inning to provide the winning 6-3 margin over the dazed Red Sox. He proved he is human by hitting into a double play, and popping out as well. He also walked once and was hit by a pitched ball.

Three-Day Record

For three days, DiMaggio's performance chart reads like this:

At Bat	Runs	Hits	Pct.	Home Runs
11	5	5	.455	4

Runs Batted In Put Out Assists Errors
9 13 0 0

His first hit was a single, but the last four have been homers to tie

Johnny Mize of the New York Giants for the most homers by an active player. Each has hit 307.

The Sox were moving fast when the Yankees came to town. Now they're in fifth place, eight full games back. Regardless of the other contenders, it's Boston the Yankees are keeping their eyes on as they near the halfway mark in the race.

Vic Raschi, once a "cousin" for Boston, earned his second victory of the year over a team he never had beaten until this season. He gave

up a dozen hits in a route-going job for his 12th victory.

Athletics Lose 6-3

Washington gave the Yanks a little more breathing room by knocking off Philadelphia, 8-6, in the only night game. The loss left the second-place A's 5½ games behind New York.

A four-run rally in the eighth after two were out helped Dick Weik win his first major league game as a reliever for Joe Haynes.

Dick Fowler was the loser.

Detroit cut lose with a 17-hit attack on Early Wynn and three other Cleveland pitchers for a 12-6 triumph that moved them into third place ahead of the Tribe.

Brooklyn and St. Louis both lost in the National, leaving the Dodgers out front by a full game. The Phils' veteran lefty, Ken Heintzelman, tamed the Dodgers, 4-2, and the Chicago Cubs bombed the Cardinals, 12-5, with Hank Edwards hitting two homers, scoring five runs and driving in four.

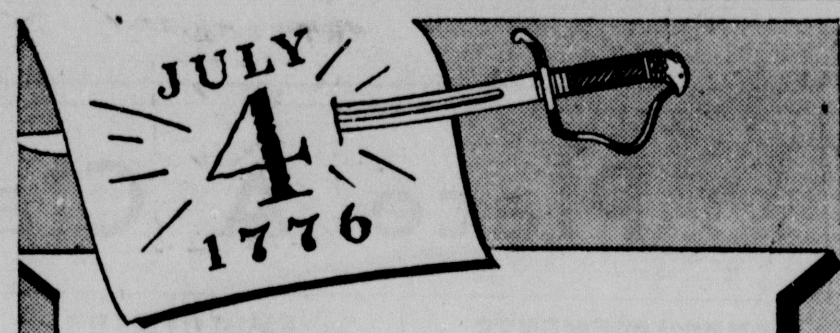

Giants Lose Two

Bill Voiselle and Glenn Elliott hurled the Boston Braves to a double victory over the Giants, 3-0 and 6-2. Elbie Fletcher's three-run homer off Hank Behrman did the trick for Voiselle who allowed four hits.

Pittsburgh bunched three of its four hits off Howie Fox in the sixth inning to shade Cincinnati, 2-1. Fox retired the first 13 Pirate batters until Wally Westlake tripled in the fifth.

Chicago and St. Louis were not scheduled in the American.

To save glasses from being cracked during dishwashing, use a rubber mat at the bottom of sink or dishpan.

Mark well the day—forget it not—

When liberty was born,

And brave men fought for their beliefs

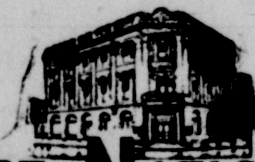

And many died with every dawn.

Because their faith and ours lives on,

America will ever be

A symbol over all the world

Of freedom through eternity.

Coal Operators Will Not Challenge Lewis' Three-Day Work Week Order

MAY MEAN 20 PER CENT CUT IN STOCKPILE

White Sulphur Springs, W. Va., July 1 (AP)—Most coal operators today shrugged off the possibility they would challenge John L. Lewis' three-day work week in court.

"What would be the use?" one leading operator said. "Who would mine our coal? Strangers?"

Nevertheless, in a formal statement by George H. Love of Pittsburgh, top spokesman for the north and west, the production limit imposed by the United Mine Workers chief yesterday was described as "illegal."

The alternative to bowing to Lewis' long-cherished stabilization plan was a complete shutdown of the industry. The operators whose production would be cut by the short week declared "Half a loaf's better than none."

Actually, some of them expressed the view that production would be reduced only about 20 per cent since most of the workers are piece or tonnage miners, whose pay is based on the amount of coal loaded.

Lewis sidetracked his strike threat for at least another month and a half—maybe longer. He left the date for a new contract showdown wide open. The old contract expired last night at midnight.

Northern and western operators who have been conferring with Lewis here believed that under the Taft-Hartley Act the miners had to allow 60 days from the date when he first notified them he wanted to talk about a new pact.

Lewis never agreed publicly to that, but he didn't shut down the mines. That was the big thing in most operators' minds.

At Bluefield, W. Va., where the Southern Coal Producers' Association has been meeting with Secretary-Treasurer John Owens and his team of union negotiators, there

was relief because they had been blanketed in the three-day work order. The southern operators didn't like it, but they would have been in serious isolation if their mines had been struck alone.

Lewis Accomplishments

Lewis did not explain why he excluded the far western mines in the short week, but both sides at the White Sulphur conference agreed that the 20 million tons produced yearly west of the Mississippi river would not affect the Lewis objective.

Here is what Lewis accomplished by avoiding a strike and putting into effect the share-the-work plan based on a three-day week:

1. A strike would have been unpopular with the miners, who just went through a one-week pause or "stabilizing inactivity."

2. The welfare fund royalty of 20 cents a ton will continue at least on a major part of the national output. Lewis is spending more than \$2,000,000 a week on benefits and pensions.

3. Lewis avoids a showdown over the union shop provision of his contract, which even now is under fire of the National Labor Relations Board.

Return From Trip To The Carolinas

Mr. and Mrs. Ward Taylor, Bendersville, have returned recently from a motor trip to North Carolina. They were accompanied home by their son-in-law and daughter, Lt. and Mrs. Jerry G. Foreman, who had been visiting with Lt. Foreman's family in North and South Carolina.

Lt. and Mrs. Foreman and Lt. and Mrs. Ronald Severson of Elmira, N. Y., and Tucson, Arizona, left Friday morning by car for the west coast. They will spend several days in Tucson before going on to Los Angeles. Foreman and Severson will leave San Francisco July 14 for Yokohama, Japan.

Mrs. Foreman and Mrs. Severson will return to their respective homes by plane but expect to follow their husbands soon.

SWIMMER—Ann Curtis, San Francisco, won Olympic 400-meter free-style swimming event in 5:17.8, a record.

Dogs Kill Ducks Used In Experiment

Jefferson, Pa., July 1 (AP)—Two large dogs crawled under a wire enclosure and killed more than 60 ducks which were being studied by a group of Temple university scientists.

The ducks were part of a flock of 110 kept on the farm of Dr. Joseph W. Wolfe, Philadelphia heart specialist, near here. They were valued at more than \$1,200 but the scientific data which would have been available after many months of research was described as a total loss to the doctors making the study.

FREER TRADE MOVES FORWARD ANOTHER STEP

Paris, July 1 (AP)—Pushed and prodded by the United States, western Europe moved one small step towards free competition in trade today.

W. Averell Harriman, U. S. ambassador at large, to the Marshall Plan countries, announced early today that a midnight session of Europe's top economists had reached a compromise between American demands for freer trade among European nations and British demands for continued stringent regulation.

The economic differences between free enterprise America and Socialist Britain, which many diplomatic observers had feared might affect Anglo-American political harmony, were resolved on a basis which eased—but did not abolish—restrictions.

A small amount of trade—less

than two per cent of the normal \$8,000,000,000 yearly volume—will be conducted on a multi-lateral competitive basis. Since the war most European trade has been conducted on a barter system between two nations at a time.

Last year, when distributing Marshall Plan dollars, the U. S. was careful to make no moves which might upset this delicate barter balance. This year, however, the men running the European Recovery program felt the time had come to

loosen up trading practices.

Britain, her dollar and gold reserves dangerously low, argued that Europe's economy was not sufficiently recovered to be set free of rigid safeguards.

Free Exchange

The opposing points of view clashed at the annual policy meeting of the OEEC (organization for European Economic Cooperation)—a group which suggests how Marshall Plan money should be split up among the European states.

The OEEC operates the compli-

cated Intra-European Payments Plan—an ingenious scheme sometimes known as the "Little Marshall Plan." It provides that those European

nations which sell more than they buy from other European countries lend their debtors currency to keep trade moving.

GOOD NEIGHBOR CANADA MARKS 82ND BIRTHDAY

By DEWITT MACKENZIE
(AP Foreign Affairs Analyst)

This is Canada's big day—anniversary of her advent as a nation 82 years ago. Happy birthday, neighbor!

Anything which is close to the heart of Canada is close to the heart of America. Thus it is with affectionate regards that we extend our greetings across a boundary which, after all, is only an imaginary line so far as fraternal feelings are concerned. It pleases us mightily that to all intents we two nations are as one, although each is jealous of its sovereignty.

The pride in sovereignty, by the way, is something to be remembered by well-meaning but foolish folk who babble about the two nations joining under one flag. That just isn't in the cards, and it isn't necessary to unity of purpose or the friendship which we cherish.

Proud Nation
Our big neighbor (bigger than we are territorially) has every right to be proud on this "Independence Day." Eighty-two years is a very brief period for a nation to accomplish what Canada has. As this column recently pointed out, Canada has played a leading role in the evolution of the British commonwealth into an association of wholly independent nations.

The Canadians always have stood solidly for their rights. I'm reminded of World War I, when I saw much of the dominion troops in France. The Canadians took no nonsense from anybody. To emphasize this, when a body of their soldiers took up a new position in the line their first business ordinarily was to take off their tunics and engage the English on either side in a battle of fists. Once that was settled the Canadians donned their tunics and turned attention to the Germans.

That same spirit impelled the

Seek Cab Driver, Reported Slugged

Union City, S. C., July 1 (AP)—Police today continued their search for the body of a taxi driver two men admitted slugging before they fled to Pennsylvania in his cab.

Shelton (alias John) Gaine, 19 Myrtle Beach, S. C., and Lander B. Gantt, 26, Gaston, S. C., admitted beating Robert D. Oliver, 27, of Myrtle Beach and dumping his body in a thicket, Pennsylvania state police said.

Gaine and Gantt were seized Wednesday night when state police forced them to stop at a roadblock near Lock Haven, Pa. The cab later was identified by police as Oliver's. Yesterday, police made a thorough search of the thicket where the two men said they left Oliver's body but no trace of the missing cab driver was uncovered.

The Rev. and Mrs. Samuel W. Beck, East King street, and Mrs. Beck's sister, Miss Addie Barrier, Concord, N. C., who is a house guest at the Beck home, returned home Thursday evening after spending several days at the cottage of the Beck's son-in-law and daughter, Mr. and Mrs. George Schaeffer, Rehoboth Beach, Del. They were brought to Littlestown by Mr. and Mrs. Schaeffer, who returned to their cottage the same evening.

Canadian government to fight a great battle for separate representation in the League of Nations—a battle which she won. Finally in 1931 the historic statute of Westminster was born in London, providing that the "dominions are autonomous communities."

Thus, while none of the commonwealth nations is more proud of its old world heritage than is Canada, she has developed a personality of her own in the new world.

2 WOMEN HELD FOR SHOOTING OF MOTORIST

Boston, July 1 (AP)—Pottsville detectives arrived today to take into custody two young women wanted in connection with the shooting of a motorist near Pottsville, Pa., last Saturday night.

Chief of County Detectives Lewis D. Buono and three detectives were expected to return Jane Ann Muldoon, 18, Lynn, Mass., and Lennie Harkness, 26, also of Lynn, back to Pennsylvania. There they face charges of slugging and shooting Charles Klevis, 22, of Frackville, Pa. The two young women were arrested yesterday as they stepped from a bus at Franklin Park in Boston. Detective Sgt. Arthur Tierman said Miss Muldoon was found in possession of a loaded .25 caliber automatic pistol.

Tierman said she admitted using it to shoot Klevis, who is in critical condition in a Shenandoah, Pa., hospital. The detectives said the girl claimed Klevis "tried to become fresh with me."

Hanover Man Robbed
The two girls were booked in Boston on a charge of assault with a

dangerous weapon with intent to kill.

Buono told this story of the incident: Klevis had picked up the two girls who were walking along the road. Once in the car they slugged him, shot him in the stomach and attempted to drive away in the car. Unable to start the car they abandoned Klevis and the car and walked away.

Buono said the girls also are wanted for questioning about a similar incident shortly before Klevis was shot. He said L. Stickler, a truck driver of Hanover, Pa., reported two girls whom he picked up while en route from Baltimore to Gloucester, N. J., slugged him, tied him in a blanket and took \$50.

Says Senate Bill Would Help Business

Bedford Springs, Pa., July 1 (AP)—Rep. Francis E. Walter (D-Pa.) says the basing point bill, passed by the Senate and now before the House, "would give Pennsylvania businessmen the right to meet competitors' prices."

Walter gave a strongly-worded talk on the bill before a banquet of the Pennsylvania Bar Association last night.

The basing point would permit steel makers and other producers to

CLASS TO HOLD PICNIC JULY 17

Mrs. Paul E. King, near town, was hostess Wednesday evening to the monthly meeting of the Tuck-A-Bach Sunday school class of St. John's Lutheran church. Following the group singing of "The Old Rugged Cross" and "God Will Take

Care of You," Mrs. Elmo Jones read Psalm 109, after which Mrs. Kenneth D. James offered the evening prayer. As the roll was called, each member present responded with a verse of scripture. There were 25 members and visitors in attendance. During the meeting, the birthday of Mrs. Elmo Jones was noted.

Business was in charge of the president, Mrs. George Strevig and Mrs. William Lippy the assistant secretary, presented the secretary's report. Plans were made for the annual class picnic which will be held Sunday afternoon, July 17, at the National Museum park, Gettysburg. Mrs. Paul E. King, Mrs. Claude Gerick, Mrs. Preston Crabbs, Mrs. Alvin Groft and Mrs. Kenneth D. James were appointed the program and entertainment committee for the picnic and Mrs. Walter Yingling will have charge of the refreshments. Each family is requested to bring a basket lunch and ice cream will be provided by the refreshment committee.

Mrs. Claude Gerick and Mrs. Preston Crabbs were in charge of the program for the evening. A number of group games were played. The meeting closed with the Lord's prayer after which refreshments were served by the hostess.

The next meeting will be held Wednesday, July 27, at the home of Mrs. Elmo Jones, East King street extended, and the program will include Mrs. Walter Yingling and Mrs. George Strevig.

Mr. and Mrs. Allen Weikert, Two Taverns, have purchased the house and adjoining lot of Mr. and Mrs. Paul E. King, East King street. Mr. and Mrs. Weikert and family expect to occupy the second floor apartment.

The members of the Uniform Rank of Alpha Fire Company No. 1, Littlestown, who expect to participate in parade at Gettysburg, Monday afternoon, are asked to meet at the Fire Hall promptly at 12:30 p.m.

PLAY PROGRAM AT LITTLESTOWN ENDS 2ND WEEK

Two successful weeks of the organized recreation program sponsored by the Littlestown Board of Education on the playground and on the Memorial Field under the supervision of Clayton L. Evans and Miss Mary Kay Crouse have been completed. The morning attendance is holding at approximately 55, when the kiddies up to eight gather for their program which includes sand-box, swings and mass games, picture coloring, cut-outs and a story hour.

The afternoon attendance also approximates 50, when those eight and above gather for a three-hour program. Plaster of paris Indian heads, Mickey and Minnie Mouse and football players have been made by both the boys and girls of this group. In addition the girls have made bouquet pins from plaster of paris and puzzles out of card board. The boys are also making hot pad holders and flower pot holders out of wood.

Midget Baseball

Mr. Evans has two complete midget baseball teams practicing Monday, Wednesday and Friday evenings from 6:30 to 8:30 p.m. The ages of these players range from 8 to 12. He is trying to arrange contests for these teams. Anyone who has a midget baseball team that would like to schedule a game, is asked to contact Mr. Evans.

Older girls from 14 to 18 have been playing softball on Monday, Wednesday and Friday nights from 6:30 to 8:30 o'clock. Tonight this team will go to Westminster to play Reese's team.

Tonight from 9 to 11:30 o'clock, the second teen-age dance will be held in the Crouse Park pavilion under the supervision of Mr. Evans.

News Items From Littlestown

The teen-agers will dance to recorded music.

The Board of Education appreciates the support given to this program thus far. As the children return from the church camps and their vacations, the parents are invited to send them to the playground for the balance of the summer.

Mr. and Mrs. Stanley B. Stover, East King street, have sold their cottage at Rock Creek, near Harney to Mr. and Mrs. Calvin M. Sentz, Sr., Cemetery street. Both of these properties were sold through Stanley R. Sell, real estate agent.

The Littlestown softball contest originally scheduled for tonight was played on Thursday night, when the Redeemer's team defeated the Mystic Chain team by a score of 13 to 11. Because many players will be out of town next week on vacation, all games previously announced for next week will be called off.

Foot experts suggest treating feet to alternate hot and cold foot baths if they show signs of needing comfort and restoration.

Good Buy - all around

FRIENDS gather, look over that long Fireball and wish they had as much Fireball life as you have here.

They size up the broad windshield and narrow corner posts—and don't have to be told how these things step up "see-power."

They appraise the smart styling, the roomy interiors, the usability of luggage space—and agree you've made a buy.

But don't stop, please, with letting them look. Invite them in and introduce them to some of the special pleasures you'll know as a Buick owner.

Show them, for instance, how completely different Dynaflo Drive is, with every mile cushioned by flowing oil and none of the rigid harshness of direct-drive cars.

Let them sample the matchless Buick ride, with all four wheels cradled on soft, coil springs and low-pressure tires made still easier-riding by extra-wide rims.

†Standard on ROADMASTER, optional at extra cost on SUPER models.

Point out how solid this Buick feels. That's what you get from husky frames, low-swung weight, and power delivered through a torque-tube instead of the rear springs.

For the truth is, this Buick's a bargain on much, much more than you can see.

It's a big buy on the solid goodness a demonstration quickly makes plain. On increasingly favorable delivery dates. On attractive price. On the kind of "deal" your Buick dealer makes.

That's why we keep saying "Better see your Buick dealer—and get that order in promptly!"

BUICK alone has all these features

Silk-smooth **DYNAFLO DRIVE**† • **FULL-VIEW VISION** from enlarged glass area • **SWING-EASY DOORS** and easy access • **"LIVING SPACE"** INTERIORS with Deep-Cradle cushions • Buoyant-riding **QUADRIFLEX COIL SPRINGING** • Lively **FIREBALL STRAIGHT-EIGHT** POWER with SELF-SETTING VALVE LIFTERS plus HI-POISED ENGINE MOUNTINGS • Low-pressure tires on **SAFETY-RIDE RIMS** • Cruiser-Line **VENTIPORTS** • **DUREX BEARINGS**, made and connecting rods • **BODY BY FISHER**
